Beers sampled

Brewery	Name of beer	ABV %	Tasting notes
Green Dragon	Chaucer	3.6	Good session bitter. Well balanced hoppy flavour for a low alcohol beer. Still tasted good when we returned to it after sampling the others.
Green Dragon	Gold	4.4	Light easy drinking. Fruity but not strong flavours. Real Ale for lager drinkers?
Green Dragon	Strong Mild	5.5	Mild, with more malty flavour than traditional
Green Dragon	Bridge Street	4.5	Good tasty bitter. Dry hop flavours linger on the tongue.
Green Dragon	Wyvern Dry hopped ale	5.0	Citrus hoppy. More tasty than the previous Gold (above). A bit sweet for some.

The pub

A beer drinkers' town pub, which brews its own beer, all at reasonable prices. Food is not fancy but goes well with the beer. Friendly and helpful service.
